

College and Career Studies ^[1]

University of Kentucky

The College and Career Studies (CCS) program is UK's Comprehensive Transition and Postsecondary (CTP) program. CTPs support students with intellectual disability who want to attend a college or university to better prepare for employment and independent living. CCS students take part in all areas of campus life, from classes and clubs to social events and activities. With support from the College and Career Studies team, students work toward their own academic, career exploration, and community engagement goals. The College and Career Studies program at UK is part of the Kentucky Supported Higher Education Partnership (KSHEP) whose mission is to increase higher education options, access, and success for students with intellectual and developmental disabilities across the Commonwealth.
